

**OAN 34/2019 – MAN TP
T2 FUEL HYDRANT SHUTDOWN**

OAN REF:-	34/2019	DATE OF ISSUE:-	26/03/2019	EFFECTIVE DATE:-	27/03/2019
MANUAL REFERENCE(S):-				EXPIRY DATE:-	31/03/2019

PLEASE ENSURE THIS INFORMATION IS PROMULGATED TO ALL STAFF

1.0 SUMMARY

- 1.1 A two-hour shutdown of the Terminal 2 fuel hydrant system to carry out a camera survey of the pier 1 hydrant pipework for commissioning purposes.

2.0 PROGRAMME

- 2.1 The works will take place on Wednesday 27th March 2019.
- 2.2 Working hours will be 16:00 - 06:00 local.
- 2.3 The T2 fuel hydrant shutdown will be from 22:00-23:59 hrs local.

3.0 SCOPE & LOCATION OF WORKS

- 3.1 All work will be located around Pier 1, in VC8 on Stand 72 and VC7 within the MASHCo compound.
- 3.2 The basic scope of work will be as follows:
Close valves in VC8 & VC7.
Carry out camera inspection within the hydrant pipework.
Re-fuel hydrant.
Open valves in VC7 and VC8.

4.0 OPERATIONAL IMPLICATIONS

- 4.1 Hydrant fuelling for aircraft will not be available on Stands 66-74 and all T2 pier served and remote stands for 2 hours. The shutdown will only commence after all aircraft on T2, that require fuel, have been fuelled.
- 4.2 The fuel shutdown will not go ahead if the engineer finds any issues within the hydrant system.
