

EAST APRON EXTENSION WORKS – SECURITY ARRANGEMENTS

OAN REF: -	30/2019	DATE OF ISSUE: -	6 th November 2019	EFFECTIVE DATE:-	6 th November 2019
-------------------	---------	-------------------------	-------------------------------	-------------------------	-------------------------------

East Apron Extension Works – Security Arrangements

As previously notified through operational advice notice 20/19 airside works to construct an extension to the eastern end of the east apron commenced on Monday 12th August 2019.

These works were programmed in until 12th November 2019, 06:30 – 18:30 local time, Monday – Saturday. However, there is now an extension to this until 31st December 2019.

Temporary security arrangements will be in place for these times, to include a de-regulated area, as seen in annex a.

The de-regulated area is;

- a. within the contractor works area, and should not be entered by unauthorised staff
- b. outside the critical part boundary, anyone within this area must leave by east 2 gatehouse and enter the critical part of the airfield through central 1 gatehouse.

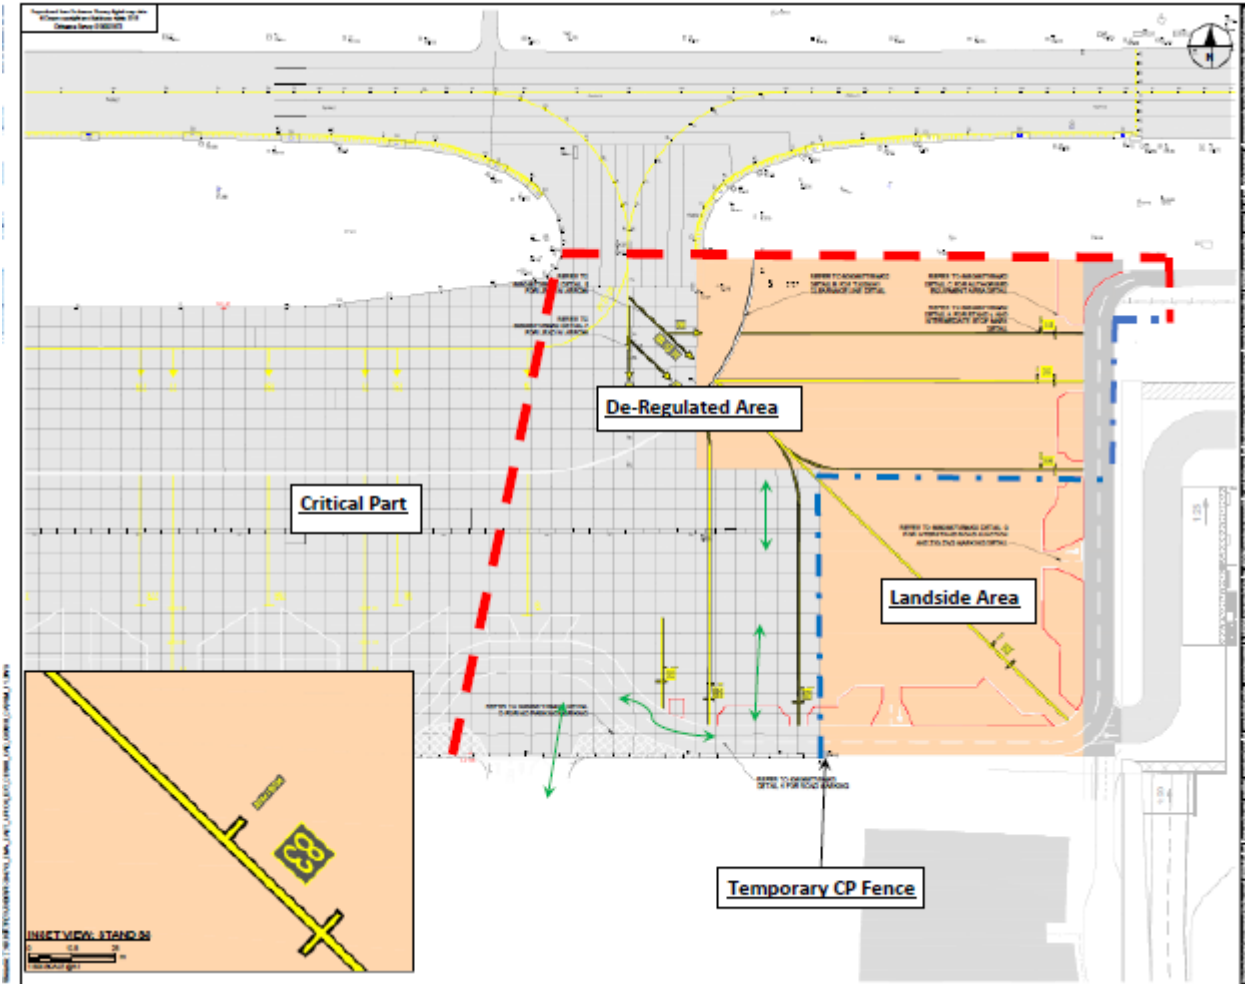

Failure to follow this instruction will constitute a security breach, with consequent measures being taken to prevent any further breach.

Any questions, please contact Airfield Operations Supervisor;
