

Staff Channel Works Wednesday 12th February 2020.

OAN REF: -	0420	DATE OF ISSUE: -	10 th February 2020	EFFECTIVE DATE:-	12 th February 2020
-------------------	------	-------------------------	--------------------------------	-------------------------	--------------------------------

Please be advised that remedial works are required on the area outside Staff Channel, the Enclave and Smiths delivery area. To enable us to complete the works, these areas will be required to be closed off for a short time. Below shows a plan of how staff can access airside during the works.

The Staff Channel area and the Enclave area will be closed from 10:30 until around 12:30 on Wednesday 12th February 2020. Staff Channel will then re-open and the Smiths delivery area will be closed until 17:00. During these times, there will be no access to/from the departure lounge via the door at the bottom of the old tower. All access will be through the enclave corridor.

During the works signage will be in place to direct staff accordingly as well as a Security guard at Staff Channel and Central Search to help direct people.

If further information is required, please contact Lucy Hobson (Compliance Manager - Security)
