HIGHWAYS AGENCY

NOTIFICATION OF WATERPROOFING WORKS

M1 West Meadow Viaduct and Diseworth Long Whatton Bridge

Essential renewal works are required to the waterproofing system across West Meadow Viaduct and Diseworth Long Whatton Bridge, located between junction 23a and junction 23 on the M1 southbound carriageway. Scheme of work:

- plane off the existing carriageway surface
- remove and replace the existing waterproofing system
- resurface the carriageway

Once completed, works will prevent water leaking onto the bridge decks, which in turn will protect the structures.

How will the work affect traffic?

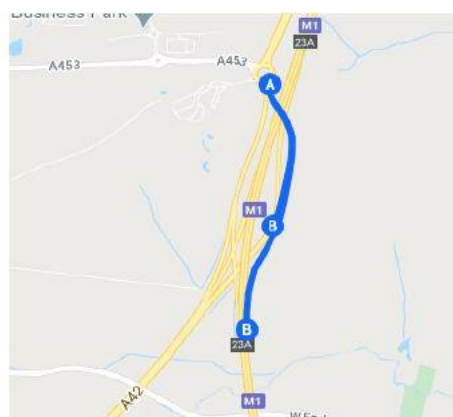

To maintain a safe environment for Highways Agency workforce and customers, two full weekend closures on the M1 southbound carriageway from junction 23a to junction 23 are scheduled:

- from **10pm Friday 1 May 2020 to 6am Monday 4 May 2020.**
- from **10pm Friday 15 May 2020 to 6am Monday 18 May 2020.**

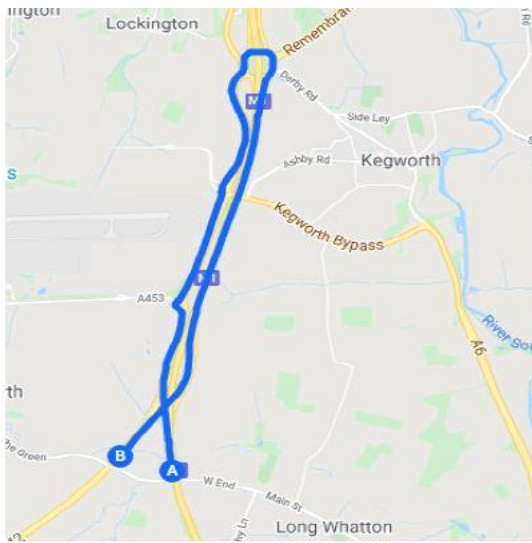

During this road closure fully signed diversion routes will be in place. Please refer to the below maps. Please note that all planned roadworks may be subject to change due to weather conditions or unforeseen circumstances.

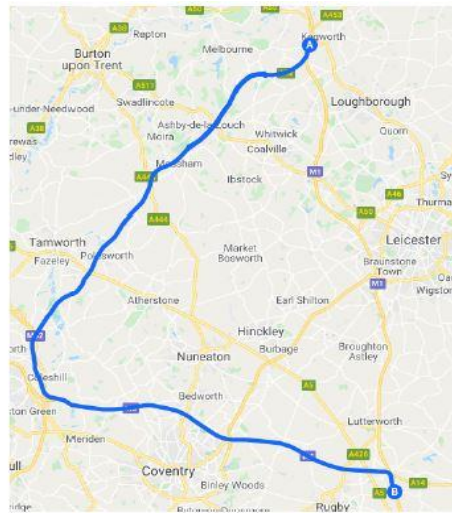

Non-motorway traffic diversion from Finger Farm roundabout follow A453 westbound, turn left onto Moor Lane signposted A453 (A42). Continue over A42 and at roundabout take 3rd exit to join A42 Westbound.

Slip Road Closure - Slip road from A453 at East Midlands Airport onto M1 and A42 at Junction 23A will be closed.

A42 slip diversion - to get onto A42 from the A453 at East Midlands airport Junction 23A follow A453 North until Junction 24. Join M1 Southbound here and then follow the signage through Junction 23a and onto the A42 West-

M1 SB diversion at Junction 23A follow signed diversion to A42 Westbound and onto M42, continue through Junction 9 to Junction 7A and follow signs for M6 Southbound joining the M6 at Junction 3A. Continue Southbound on M6 until the junction with M1. Follow signage for M1 Southbound and re-join at Junction 19.
