

Pavement Repair – Perimeter Track / East Apron

OAN REF: -	1020	DATE OF ISSUE: -	06/03/20	EFFECTIVE DATE:-	09/03/20
-------------------	------	-------------------------	----------	-------------------------	----------

A repair is required between the new East Apron Extension concrete and the existing peri track asphalt. The works will close the peri track for the duration of the operation, approx. half a day.

The works are weather dependant but are planned for Monday 9 March in the morning.

Access will have to be made via Alpha Taxiway for the duration of the works.
