

Airside Restrictions

OAN REF: -	14/20	DATE OF ISSUE: -	20 th March 2020	EFFECTIVE DATE:-	20 th March 2020
-------------------	-------	-------------------------	-----------------------------	-------------------------	-----------------------------

All colleagues are reminded that access to airside areas is for business reasons only. This is particularly important at the moment to minimise the number of persons coming into contact with each other unnecessarily.

In addition, with immediate effect the following operational areas should be accessed for critical operational purposes only:

- Air Traffic Control Tower
- Fire Station
- Building 113 (Control Room)
- Airfield Operations

For all other non-critical purposes please contact these areas by telephone or email.

END
