

CARGO ULD's

ASA REF: -	07/20	DATE OF ISSUE: -	30 th July 2020	EFFECTIVE DATE: -	30 th July 2020
-------------------	-------	-------------------------	----------------------------	--------------------------	----------------------------

We have had an increasing amount in ULD's falling from dollies whilst in transit at EMA, which is a safety concern.

Please review your company procedures and guidelines for the ULD's being transported, whether this is full or empty load.

Please ensure all operational staff are briefed, once procedures have been reviewed.

END.
