MANUAL REFERENCE(S):-	N/A			EXPIRY DATE:-	07/11/20

PLEASE ENSURE THIS INFORMATION IS PROMULGATED TO ALL STAFF

1.0 SUMMARY

1.1 A one-day programme of work to carry out upgrades to the Information Technology (IT) infrastructure affecting Terminal 2.

2.0 PROGRAMME

2.1 Work is scheduled to take place on Saturday 7th November 2020.

2.2 The nominal working hours will be 09:00 to 17:00L.

3.0 SCOPE & LOCATION OF WORKS

3.1 The upgrade will take place in Data Centres 1 and 3 within Terminal 2 (T2), in the R2/3 Substation on the south side of the airfield and in 'R' Substation next to West Gate Security.

3.2 The work will involve reconfiguring the network switches within Data Centres 1 & 2, and R Substation, and cabling in the R2/3 substation.

4.0 OPERATIONAL IMPLICATIONS

4.1 The works will affect all Terminal 2 extension systems fed by the IT network; these include but are not limited to: Terminal 2 Extension and Pier, T2 Multi-Storey West Car Park payment station, Little Staff West Car Park lift intercoms (*local alarms will still function*), Car Park access/egress barriers, Flight Information Display Screens (FIDS), WiFi, Fixed Electrical Ground Power (FEGP) Swipe, Common Use Passenger Processing System (CUPPS) and PremiAir.

4.2 Border Force systems, Digital Radios, emergency Lighting systems, landline phones and Fire Alarm systems, Terminal 1 and Terminal 3, older areas of T2 including the T2 service yard and T2 staff channel **will not** be affected by the upgrade. Furthermore, the upgrades **will not** cause a loss of power.

4.3 The access control system will store all permit information locally and, therefore, access/egress through the stand doors will still be available.
